

Molonglo Conservation Group Incorporated

Transforming landscapes and capabilities

Constitution

3 December 2018 (Version 9)

The Molonglo Catchment Group was formed in 2003 with the principal objective of developing the Molonglo Catchment Strategy and a secondary objective (and subsequent role) in coordination and integration of the network of Landcare and Park Care groups in the Molonglo catchment, appropriate to the level of support (resources) available.

We changed our name to Molonglo Conservation Group in 2018 to reflect better our increasing focus on landscape scale conservation programs.

Our role is to help these groups promote and undertake environmental protection and enhancement within the Molonglo catchment. The Group has been supported by the ACT, NSW and Australian Governments' environmental programs in this role. The Group does not seek to duplicate services that are otherwise available, but rather to assist with coordination and collaboration and to add value to those services.

Our vision is to achieve a healthy, resilient and productive catchment: the Molonglo and Queanbeyan river system with all its diverse, interconnected tableland landscapes and communities.
